

New Hampshire REALTOR® Institute
2010 GRI Designation Program

Invest for Success – Become a GRI

Earning your GRI can provide you the marketing edge that sets you apart from others. The Graduate, REALTOR® Institute (GRI) designation helps increase your income potential, develop self-confidence, sharpen your skills and helps build a strong referral network with your classmates. By applying the information you learn you can bring your career to a professional level that will recognize you as a leader in the industry.

By investing in a strong education foundation buyers, sellers and other real estate professionals will notice your commitment to providing a high level of professional service to your clients. Wearing your GRI pin or using the GRI logo on your stationery or business cards, communicates a message to the public about your dedication, knowledge and commitment to service.

The GRI designation is granted through State Associations whose courses of study meet the standards set by the National Association of REALTORS® and is available to NAR members only. Therefore, you must maintain your REALTOR® status in order to keep your GRI designation. Unlike other designations, there are no annual fees. **The NH GRI program provides for 96 hours of class time and consists of 8 two-day modules.** You must complete all modules and receive at least a 75% passing grade in order to obtain your GRI designation. As an additional bonus if you have taken the CBR (Certified Buyer Representative) course you earn credit towards the REPS 102/GRI 102 module. **Modules may be taken in any order and must be completed within 5 year's from the student's start date.**
